

U.S. District Court for the Western District of Pennsylvania
2017 Courtroom Technology Training Schedule for Erie, Johnstown and Pittsburgh

Courtroom technology training seminars for attorneys, paralegals, and other support staff will continue to be offered throughout 2017. These sessions are to explain the capabilities and function of the A/V equipment that is available to aid in the planning for future trials. All three buildings technology will be touched upon in each of the sessions, regardless of which location you attend your training.

Attendance at one of these sessions is strongly recommended to anyone who expects to have a trial in the Erie, Johnstown or Pittsburgh Courthouses and who have not attended previous training seminars.

If you attended a previous session and would like a refresher you are welcome to attend again as there has been new equipment installed in several of the courtrooms over the past 2-3 years and we also will be discussing future upgrades that will take place.

If you would like new copies of the training materials they are located on the court's website:
<http://www.pawd.uscourts.gov/courtroom-technology#tsi>

All sessions will begin at noon and run about 45 minutes in length and are held on Fridays.
